

VICE-PRESIDENT TOM MARSHALL COMING HERE

Will Be Here Sunday Week, on U. S. SUBMARINES
His Way from Auburn to Tallahassee, Fla., and Will Likely Make a Talk for Dothan People.

Vice President Thos. R. Marshall will likely be in Dothan on Sunday, May 16th. He is to speak to the Auburn students on Saturday the 15th, and on Monday he is to be in Tallahassee, Fla., and finding out that he would have to come through Dothan, the powers that be got in touch with the situation and have taken it up with Mr. Marshall. Arrangements haven't been finally completed, but he has let it be known that he would stop over here.

The students of the High School will likely take up a subscription from the public to take care of the necessary expenses, and it is likely that the talk, which may be along educational lines, or anything he might select, will be made at the Foster Street church, in the afternoon, because that building will seat more than any other at present.

It isn't often that Dothan has an opportunity of shaking the hand of a vice president, right at home, and the city should feel fortunate in having so distinguished a visitor.

PROUD OF RECORD FOR LONG VOYAGE

New York, May 6.—Officers of the five submarines lying in the Hudson today as the vanguard of the great Atlantic fleet to assemble here for review May 8 to 18 were proud of the records made by boats of the E class on the run from Key West. One of the boats, the E-1, it was stated, completed the voyage of 2,230 miles under her own power without a stop.

Submarines of the K class were expected here today after a run from Pensacola. The submarine flotilla to assemble within the next few days is said to be the largest ever gathered under the American flag.

Extensive plans have been made for entertainment hourly of men of the Atlantic fleet. Tickets to theatres and baseball games will be distributed to the sailors. There will be a gala night on Riverside Drive along the bank of the Hudson May 15, when the fleet will be illuminated. There will be a display of fireworks on floats and concerts will be given by bands stationed along the drive.

LID GOES ON, TIGHT IN DOTHAN SUNDAY

Wait until December for ice, if your automobile breaks down and you have to get out and get under be sure you can fix it yourself, buy the milk for baby on Saturday, also lay in a store of cigars and cold drinks during the week, for that little hole in the lid is going to be stopped up tight next Sunday, according to information from the police department.

Chief of Police Rollins passes the word down the line that he has received instructions to put the lid on tight, in fact air tight, and that he is going to do his best to see that these orders are carried out.

If this mandate is enforced here are some of the articles that cannot be bought Sunday: ice, ice cream, milk, cigars, cold drinks, horse shoes and gattling guns. The automobile repair shops, it is said, will also be under the ban. The drug stores, of course, will be permitted to sell drugs and medicines, but that will probably be the only exception.

STORM DOES DAMAGE

The storm of Tuesday afternoon damaged the crops in the vicinity of Pleasant Plains, about twelve miles northeast of Dothan. The greatest loss was Emmet Gamble, whose cotton and corn was destroyed, and will have to be replanted. He had one hog, ten pigs, and sixteen chickens killed.

FORMER SENATOR LA FAYETTE YOUNG ARRESTED AS SPY

Vienna, Austria, May 6.—Former United States Senator Lafayette Young of Des Moines, Iowa, accompanied by a former American deputy consul at Bern, Switzerland, was arrested at Innsbruck, Austria, yesterday on suspicion of espionage directed against Mr. Young's companion.

Mr. Young was promptly released with apologies after a few hours' detention in his hotel, but his companion was held in custody until today before he was unable to satisfy the suspicions of the authorities, who apparently had been warned to look for a man of the same name.

Mr. Young arrived in Vienna this morning. Speaking of the incident he said he knew no reason for complaint. He left later for Berlin.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the freckles of a child should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is the only one that is sold on the market.

SUMMARY OF WAR STATUS

Reports of consistent progress although the outcome was not disclosed. Berlin newspapers say Italy's participation in the war must be regarded as not unlikely. Turkish statement today. It was said that the troops landed on Gallipoli Peninsula were in a precarious position, being encircled by Turkish forces and unable to advance. The statement said only two points on the peninsula—Seddul Bahr and Avi Burnu—were held by the Allies. French and British dispatches say a Turkish attack on the encampment at Kiritin failed and the Turks left 1,500 dead behind after their repulse. One British correspondent says the tip of the peninsula and the entire western side are under control of the Allies.

Rome, Vienna and Berlin advices indicate another crisis in the negotiations between Italy and Austria. In Rome there has been a sudden revival of hope for a peaceful settlement. Austria is said in Rome dispatches to have realized the necessity of making territorial concessions on the part of Austria in return for Italian neutrality is among the possibilities. Austria realizes it may have to intervene in the war if she does not obtain territory demanded.

Petrograd declares the Russian victory over the Turks in the Caucasus, announced yesterday, was important and decisive. A force of 30,000 Turks which invaded the Dilman-Khorl neighborhood is said to have been expelled with heavy losses.

Two more British vessels have been sunk. The Danish boat Camthay was blown up in the North Sea, but her passengers and crew, numbering 43, escaped. A British schooner and a trawler were the other vessels.

British trawlers sunk by German submarines bring the total since Sunday up to 16.

A late report from Rome says that an agreement between Austria and Italy regarding territorial concessions on the part of Austria in return for Italian neutrality is among the possibilities. Austria realizes it may have to intervene in the war if she does not obtain territory demanded.

CASES HEARD IN CIRCUIT COURT

Some headway was made in clearings the civil docket in Circuit Court yesterday, a number of cases having been settled, while several were given trial by jury.

In the case of the Continental Gin Company versus Columbia Oil Mill Company, a verdict for \$1,000 was returned in favor of the plaintiff. Birmingham Paper company versus W. J. Bell, verdict for plaintiff, \$207.68. E. R. Porter Company versus John C. Knight, judgment for plaintiff in the sum of \$476.25. Several other cases were settled.

DOOTHAN MAN IN UNION SPRINGS

On tomorrow, (Thursday) night, the local Commandery Knights Templar will be officially inspected by Eminent Grand Commander D. C. Carmichael, of Dothan, and following the inspection an elegant banquet will be served. Eminent Grand Commander Carmichael is president of the First National Bank of Dothan and is one of the best known men of the southeastern part of the state.

The Grand Commandery will meet at Troy next Wednesday, May 12, and will be attended by several of the Union Springs Knights. Rev. J. T. Montgomery, who is the Grand Prelate, is on the program to preach a sermon on Thursday, the 13th.—Union Springs Herald.

\$500 REWARD FOR N. O. TRIPLE SLAYER

Raleigh, N. C., May 6.—Ed Williams, a notorious blackader of Graham county, shot and killed the wife, son and daughter of P. L. Phillips on May 1, according to a telegram received at Governor Craig's office today from D. S. Russell of Andrews, Cherokee county, asking that a reward of \$500 be offered, and saying that Phillips already had offered \$500. A reward of \$500 was authorized by Governor Craig, making \$500 available for the capture of the alleged murderer.

Graham county, on the Tennessee line, and near the Georgia line, is in an isolated mountain section, from which news emanates slowly.

YOUTH IN STOLEN CAR MAKES 30-MILE DASH

Ashburn, Ga., May 6.—After a sensational 30-mile dash from Douglas, via Irwinville, and Ashburn, Quincy, Oteen, 17-year-old son of a prominent citizen of Douglas, accused of stealing a late model six cylinder automobile at that place, was captured by Sheriff Ward, of Crisp county, near Cordele.

Sheriff Jarmon, of this place, received notice to look out for the boy, but he had already covered the 30 miles and passed Ashburn, headed for Cordele.

SENT TO BOTTOM

BY SUBMARINE

London, May 6.—The steamer Cathay, from Copenhagen for Chinese ports, was sunk either by a mine or torpedo late last night in the North Sea. She went down in twenty minutes. Her passengers and the members of the crew, totalling forty-three persons, took to the small boats and all were landed safely at Ramsgate today.

The Cathay was a Danish boat of 2,596 tons, 295 feet long.

Schooner Earl of Latham Sent to the Bottom.

London, May 6.—The schooner Earl of Latham has been sunk by a German submarine off Kin sale, Ireland. The crew was permitted to take to the small boats and was rescued by a trawler. The submarine fired nine shells at the schooner before she went down.

TAFT ADVOCATES COURT OF NATIONS

School Board Powers.

Emporia (Kan.) Gazette.—Thomas W. Butcher, president of the Normal School at Emporia, in a recent paper, makes a fetching point about the responsibility and efficiency of school superintendents in the matter of selection of teachers. He believes that superintendents, and not members of the school board, should select teachers. His point is that teachers chosen by the superintendent are apt to be of the type which for reasons of compatibility, would make for efficiency in organization, and further, for purposes of discipline as well as organization, the teacher should be responsible alone to the superintendent.

UMPIRE COLBY TODAY

Owing to illness, Umpire Hancock did not officiate at the game yesterday, but returned to the job today. One player from each team acted in the capacity of umpires yesterday.

CALOMEL IS MERCURY! IT SHOULDN'T ACTS ON LIVER LIKE MERCURY

"Calomel's Liver Test" Shows You Liver Better Than Calomel and Quinine Before or After You Eat.

Listen to me! Take no more sickening, nauseating calomel when bilious or constipated. Don't take a day's worth of Calomel to remove or expel the bile which causes nervousness of the bowels. Calomel, when it comes into contact with your liver, causes liver trouble. It is this that you feel when you get sick and "all kinds of" things. If you have biliousness, constipation, or you have headache, dizziness, or any other of these things, take Calomel's Liver Test. It will show you if your liver is better than Calomel and Quinine.

Vienna, May 6.—Latham, from the front state that German armies are attacking their pursuit of Russian retreating along a 50 mile front in Galicia and the Carpathians. Hungary has been cleaned of Russian troops and that the Russian losses in killed, wounded and prisoners will total at least 65,000, possibly more.

"Russia's campaign of more than eight months with the aim of invading Hungary," says the Neue Freie Presse military expert, "has come to naught. The efforts in which the Russian soldiers sacrificed nearly a million men have culminated in disaster."

"In less than a week the heroic Austrian, Hungarian and German troops have destroyed the great military machine which Russia constructed for the invasion of Hungary. Is it too soon to predict the fall of Grand Duke Nicholas? Is it too soon to predict that Russia will be willing to make peace? We think not."

Judge C. S. Tutwiler went to Montgomery today on business.

Madison, Wis., May 6.—court of the great nations of the world for President Wilson in international disputes was advocated before the Wisconsin legislature today by ex-President Taft. Incidentally he had his words for President Wilson in the neutrality he is enforcing in this country. He advocated that hearers not to be misled by such activity in many branches of industry at the present time, pointing out that some of this is caused by orders from Germany, would make for efficiency in organization, and further, for purposes of discipline as well as organization, the teacher should be responsible alone to the superintendent.

Whenever you think of Dothan Day bargains, remember you are on the job today. One player from each team acted in the capacity of umpires yesterday.

Pope and Cabriolet bonnets borrowed from the Directoire and First Empire Epochs.

Large brimmed Capeline drooping front and back in 1870 style.

Toucan, hair-line and leghorn hats artistically trimmed with flowers and ribbon. Rocco fashion. Lingerie hats made of lace, embroidered chiffon, tulle and lavishly trimmed, are featured in all the accepted new dress shapes.

Types of a Directoire bonnet are shown for wear with dainty frocks. Quaint pokes in delicate colorings made up in plaques of silk hair lace and veiled with tulle, trimmed with dainty touches of pastel colored roses and streamers of velvet ribbon are lunched for the summer season. Flat trimming effects produce new silhouettes.

A picturesque exponent of the category, is made of natural leghorn, the rich cream tone of which is charmingly accentuated by and many of velvet of deepest green placed between the brim proper and the inside shaped flange that forms a flat extension on its under side. A certain frill of deep cream chantilly lace descends from the base of the crown hanging loosely over the brim while the top of the crown is massed with LaFrance rosebuds in natural coloring; a large flat Alencon bow of ribbon in the tone of the velvet face

decorates the back of the hat, terminating in a wide single streamer.

One of the most dashing of the new models is the "Capeline," which droops in 1860 style, in the centre of both front and back thus partly, revealing, partly concealing a smooth facing of farbe silk in brilliant serin (canary) yellow, which is in marked contrast to the dull sphinx bride leghorn.

Two large wings, white with greenish yellow lining afford the simple, but strikingly attractive trimming. They are so fastened on the broad flat crown that they flare out broadly over both sides of the hat lending a note of additional breadth; a decided and much to be welcomed departure from the tall close-fitting tongue and helmet styles so popular earlier in the season.

An advance Mid-summer hat of exceptional beauty is a wide lampshade frill of Alencon lace over a white hemph foundation with shell pink mousseline de soie facing. The unique trimming of three bird motifs of opalescent paillettes posed over the centre of the crown and both sides of the brim, one model which strikes one by its unobtrusive simplicity and by the vast amount of good taste demonstrated in its development, is a quaint triangular toque with soft crown, is of a very soft finely ribbed durlentine fabric, the brim is of fine Milan in the same deep tone of the French

WOMAN WOULD NOT GIVE UP

**Though Sick and Suffering; At
Last Found Help in Lydia
E. Pinkham's Vegeta-
ble Compound.**

Richmond, Pa. — "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had to try strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until I made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." — Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.

Women Have Been Telling Women for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

**Try "GETS-IT," It's
Magic for Corns!**

**New, Simple, Common-Sense
Way.**

You will never know how really easy it is to get rid of a corn, until you have tried "GETS-IT." Nothing like it has ever been produced. It takes less time to apply it than it does to read this. It will dislodge you if you have tried everything else for corns. Two drops applied in a few seconds—that's all. The corn shrivels, then comes right off, painlessly, without fussing or trouble. If you have ever made a face-haul out of your toe with bandages; used thick, corn-pressing cotton rings; corn-pulling salves; corn-teasing plasters—well you'll appreciate the difference when you use "GETS-IT." Your corn agony will vanish. Cutting and gouging with knives, razors, files and scissors, and the danger of blood-poison are done away with. Try "GETS-IT" tonight for any corn, callus, wart or bunion. Never fails.

Kel-Yell Corn-pain in Every Corn! Use "GETS-IT" in "Cuts" Every Corn! Surely, Quickly!

ies. Without a mold or binder or any pattern to follow, a Cuban cigarmaker can turn out fifty, seventy-five or a hundred cigars a day, absolutely identical in shape, size and weight, the only implements used being a block of maple wood and a small curved knife. While at work he insists on being amused and his amusement takes the form of being read to aloud. At every cigar factory in Havana you will find a reader, engaged and paid by the men, and regaling his audience with the daily or a novel. Some of these readers receive as much as ten pounds a week and many were elected to the first Cuban Legislature.

Thoughts for the Day.

If I had known what trouble you were breanking, What griefs were in the silence of your face, would have been more gentle and caring, And tried to give you gladness for a space would have brought more path into the place— If I had known.

What I had known.

If I had known what thoughts despairing drew you, (Why do we never try to understand?) would have slipped my hand within your hand, And made your stay more pleasant in the land. If I had known. —Mary Caroline Davis.

of pulpits in commemoration of mothers gone and mothers living. Flowers will be worn, a white flowers for a mother who has gone on before, who has passed out of this life, and a colored flower for those who are still with us. The carnation is the Mother's Flower, and many thousands of these fragrant blossoms will be worn on that day.

An exchange makes the following suggestions for the observance of the day:

Live the day as your mother would have you live it, and Make it a day of pleasure to her through your loving thought, visit, gift or letter; or by having her as your guest of honor.

If she is not living, perhaps you can place on her grave the white flowers of love, of fidelity, not as a morbid sentiment, but in glad recognition that she was, to you, "the best mother who ever lived."

In her memory, remember the sick or unfortunate in hospital, home or prison, or some one else with whom a little joy goes a long way. It may set the blood tingling in the veins of those you think have no heart, and who may think you have none.

The memory flower affords many opportunities for a message of sympathy or courtesy.—Montgomery Advertiser.

T. R. ANGRY WHEN HE CAN'T BARE CITY POLITICS

Synagogue, May 6.—Colonel Theodore Roosevelt today was not allowed to go into Albany city and county affairs in defending his alleged libel of William Barnes.

Justice William S. Andrews ruled that as the Roosevelt statement of July 22, 1914, attacked Barnes as a state boss, Albany city and county evidence must be immaterial.

The Colonel, plainly angry, then took the stand for cross examination by William M. Ivins. The quiz lasted less than five minutes. Ivins asked the Colonel only a few questions, all of them about the Senatorial deadlock of 1911 and the election in New York State last fall.

"That's all," said Ivins, and the former President was through with his testifying marathon, at least until the Barnes rebuttal is all in.

Dividend check books and ledgers of Barnes' Albany Journal Company from 1901 to April 30, 1913, were put in evidence today.

William J. Noshbaum, public accountant of Albany, identified and read check stubs showing many payments of dividends payable to Williams Barnes and and

consolidated by Barnes.

For many years common, sold-sulphur has occupied a "niche" position in the practice of dermatology and cutaneous medicine by reason of its parasiticide, astringent property. It is not only parasiticide, but also antipruritic, anti-eczematous and counterirritant in all irritable and inflammatory conditions of the skin. While not always effecting a permanent cure it never fails to instantly soothe the angry itching and irritation and heal the broken skin up, and it is also a good skin cleanser and skin conditioner.

SULPHUR DRIES UP ECZEMA AND STOPS ITCHING

This old time skin healer is used just like any cold cream.

Sulphur, says a renowned dermatologist, just common sold-sulphur made into a thick cream will soothe and heal the skin when irritated and broken out with eczema or any form of eruption. The moment it is applied all itching ceases and after two or three applications the Eczema disappears, leaving the skin clear and smooth.

No toxic element enters to get from any good pharmacy an ounce of sold-sulphur and apply it to the irritated parts the same way you would any cold cream.

Prevent Falling Hair and End Itching Scalp.

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve, and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it.
